

GEORGIA MOUNTAINS REGIONAL COMMISSION

GEORGIA MOUNTAINS WORKFORCE DEVELOPMENT AREA 2

**Although this list represents the area “Growth and Demand” occupations, it does not breakdown the “training” requirements of each occupation. This information can be found in the Directory of Occupational Titles. Many of the occupations listed below DO NOT REQUIRE significant training or may require only on-the-job training. Some occupations may require pre-hire letters. Due to the economy, some of these occupations require detailed proof of the demand in the area in which the customer lives or plans to commute. Please consult the Georgia Mountains Workforce Development (GMWD) office regarding your training needs. Additional occupations will be added as determined by the Georgia Department of Labor Career Center managers and members of the Georgia Mountains Workforce Investment Board.

All training must allow the customer to become self-sufficient. The following occupations have been determined to be growth and demand occupations for the area as of September 27, 2012:

Accountant & Bookkeeper	Industrial Truck & Trailer Operator
Administrative Assistant	Laborer (Warehouse)
Automotive Mechanic	Law Enforcement Officer
Automotive Structural Repairer	Legal Secretary

APPROVED TRAINING PROVIDERS

Although the Workforce Investment Act (WIA) encourages “customer choice”, the Act specifies that the local Workforce Investment Board (WIB) create policies and procedures for each Workforce Development area. The Georgia Mountains Workforce Investment Board, in an effort to conserve training funds, has approved the following providers as occupational skills training providers. Please adhere to the Training Provider’s admissions deadline policy.

Georgia’s Workforce Development Eligible Training Providers and Programs can be reviewed at www.gcic.edu/gawia. Customers desiring to attend a provider that only appears on the State-approved list would need to speak with a Workforce Development Representative to get more information on how a State-approved provider may be approved by the Georgia Mountains Workforce Investment Board.

Additional training providers may be added by the local Board as it is deemed necessary. Please be advised that this list is subject to change.
